

Lab 6: *Accounts, Accounts Everywhere*

Lab Report Submission

Name: Greemesh Basnet

Student Number: 130525223

“AM I Cracked”

The screenshot shows the 'AM I Cracked' website interface. At the top is a dark navigation bar with links: Home, Notify me, Domain search, Who's been pwned, Passwords, API, About, and Donate. The main header area is blue and features the text '';--have i been pwned?' in a white rounded box, with the subtitle 'Check if your email address is in a data breach'. Below this is a search bar containing the email 'gbasnet@myseneca.ca' and a 'pwned?' button. The results section, on a green background, displays 'Good news — no pwnage found!' and 'No breached accounts and no pastes (subscribe to search sensitive breaches)'. It also includes a '3 Steps to better security' section with three illustrated steps: Step 1 (Protect yourself using 1Password), Step 2 (Enable 2 factor authentication), and Step 3 (Subscribe to notifications).

Home Notify me Domain search Who's been pwned Passwords API About Donate

';--have i been pwned?

Check if your email address is in a data breach

gbasnet@myseneca.ca pwned?

Good news — no pwnage found!

No breached accounts and no pastes (subscribe to search sensitive breaches)

3 Steps to better security

Start using 1Password.com

Step 1 Protect yourself using 1Password to generate and save strong passwords for each website.

Step 2 Enable 2 factor authentication and store the codes inside your 1Password account.

Step 3 Subscribe to notifications for any other breaches. Then just change that unique password.
